# Cutting Edge

## SOLUTIONS®

## INDEPENDENTLY OWNED

Cutting Edge Solutions is an independently owned and operated producer of an award-winning lineup of fertilizers, supplements, and beneficials. Our professional formulations are suitable for large-scale farms, as well as small urban gardens.

## COMPREHENSIVE FORMULAS

Our proprietary manufacturing process ensures rapid nutrient uptake and assimilation by your plants. The omission of third-parties in our production process ensures our strict quality control measures are followed for each and every batch, and provides our customers with best comprehensive performance for the lowest price.

## LOCAL AND NATURAL

Each product in the Cutting Edge Solutions line is developed in our facility in beautiful Sonoma County, CA, and are free of hormones, plant growth regulators, perfumes, or dyes.
