

Alaskan Humus

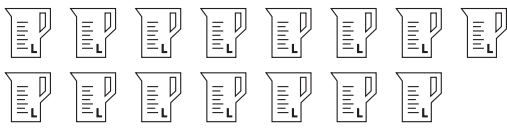

**PRODUCT
COMPARISON**
SEPT 2018

BOUNTEA ALASKAN HUMUS is entirely natural and devoid of any pesticides, E. coli, or harmful chemicals that are often found in commercial composts and fertilizers. Humus, often described as the “life-force” of soil, increases soil water absorption and improves soil workability. Alaskan Humus can be used as a seed germinator, soil amendment, living compost for tea or a top dressing for lawns and gardens. WSDA and OIM certified Organic.

- Pure natural 100% organic humus
- A premium starter for all compost teas
- Enriches and enlivens potting soils
- A biologically active soil amendment

KEEP COOL AND SHADED • 16 Quarts - 15 Liters
