Base Nutrient A™ & B™
4-0-1 / 0-5-4

Two-part base nutrient system that eliminates waste and optimizes nutrition, making sure your plants have a solid foundation so they can reach their maximum potential.

Root Tonic C™
0-10-12

Quenches a plant's boundless thirst, creating lateral growth and a strong foundation.

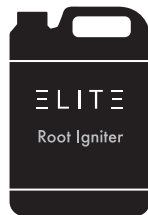

Resin D™
1-3-14

Provides the vital nutrients necessary in the final stages of growth and promotes the development of rich full flowers.

Root Igniter™
MYCORRHIZAE

The beginning stages of plant growth are the most critical. Elite Root Igniter is used to bolster root structure and improve nutrient uptake.

Elite CalMag
2-0-0

Calcium, magnesium and iron help prevent and correct common plant deficiencies and assists in plant growth and development.

THE ELITE DIFFERENCE

INDEPENDENTLY OWNED COMPANY

Elite is an independently owned company located in Santa Barbara, California.

TRIED AND TESTED FORMULATIONS

Elite utilizes commercial gardens to develop and test our nutrients. We stand behind our products because we see them in action every single day.

SIMPLE LINEUP

While other companies seem to have a bottle for every day of the month, Elite likes to keep things simple. Our 5-part core lineup covers the needs of hobbyist growers and commercial farmers alike.

GREAT VALUE

Our extra-concentrated formulas allow a little product to go a long way, resulting in lower overall costs per bottle.

OPTIMALLY BALANCED

Nutrients are in their most plant-friendly form and are balanced to maintain an optimal pH, resulting in faster, maximized uptake and quicker absorption.

ALL NATURAL

Free of hormones, perfumes, dyes, and growth regulators, including paclobutrazol and daminozide.

LONG LASTING

Superior product stability means longer shelf life.

100% SATISFACTION GUARANTEE

If you're not completely satisfied with your purchase, contact us for a refund or exchange.
